

- Flexible installation by means of alu profile- or mounting bracket system
- High mechanical stability
- Suitable for applications with wide temperatur variations

WCS2-CS70-M1

Technical data

General specifications	
Length	0.1 ... 327 m
Radius of bend	≥ 500 mm
Ambient conditions	
Operating temperature	-40 ... 100 °C (233 ... 373 K)
Mechanical specifications	
Material thickness	0.5 mm
Tension loading	≤ 6500 N
Material	stainless steel 1.4310
Thermal expansion coefficient	1.6 x 10 ⁻⁵ / K
Mass	240 g / m

Dimensions

Date of edition 2006-12-20
